## AGENDA

### Old Business

1. Update on Des Plaines' Local Headings for Manga (Rachel – 5 min.)

Des Plaines Manga Headings	Meaning
Des Plaines (Ill.) -- Josei manga.	Comics for adult women (Proposal submitted to LCGFT)
Des Plaines (Ill.) -- Seinen manga.	Comics for young adult men (NOTE: This is now LCGFT.)
Des Plaines (Ill.) -- Manhwa.	Korean comics (Proposal submitted to LCGFT)
Des Plaines (Ill.) -- Yonkoma.	Four panel gag comics

2. Feedback from PAS on “Youth literacy materials” (Rachel –10 min.)
  - [Recording of the discussion at the PAS meeting](#)
3. Potential motion: Recommend to CAMM that CCS allow “Youth literacy materials” as a local genre heading.

*Background:* At the last meeting, SCRAP members did not want to pass a motion to recommend “Youth literacy materials” as a local genre heading, because they were concerned that it could be redundant since readers would already be considered literacy materials. They asked for feedback from PAS before considering this motion. PAS is supportive of adding the genre heading, but agrees it needs to be tightly scoped in order to be applied effectively. Their suggestion is to apply it to materials

intended to teach how to read using phonics/science of reading/teaching concepts as opposed to content or reading-level appropriate materials. This scope differs from the heading for Adult literacy materials which can be applied to reading-level appropriate materials.

### *New Business*

4. Discussion: Should SCRAP consider a local practice regarding the change of the subject headings of “Mexico, Gulf of” to “America, Gulf of” and “Denali, Mount (Alaska)” to “McKinley, Mount (Alaska)”? What makes sense as a best practice to improve access with the consideration that any change may need to be changed back in the future? (Rachel – 10-15 min.)
  - [Approved Monthly List 12 LCSH 2 \(2025\)](#)
  - Response from Judith P. Canaan: “PTCP acknowledges the communications that the Library has received in response to tentative monthly list 12 LCSH 2 (list 2412a). The Library of Congress defers to the United States Board on Geographic Names (BGN) for place names contained within our controlled vocabularies and classification. For more information, please see our Subject Headings Manual sheet [H 690 Formulating Geographic Headings](#) and visit the [BGN webpage](#).”
5. Discussion: LDR for serials and the update to serials functions from v. 7.5 (Rachel – 10 min.)

Background: In the past, CAMM decided to catalog certain serials as monographs instead of serials due to how holds functioned. See [Items Cataloged as Serials vs Monographs.docx](#) for the background on this issue. With v. 7.5, the functionality was changed. The holds now function the same regardless of how the LDR is coded. Should the records be updated to change them back to serial? This local practice doesn't appear in the Wiki.

Examples: Record Set #541120.

6. Discussion: 8XX Fields (Rachel –10 min.)
  - Should volumes go in 8XX even when not in authority records? The national practice is for the 8XX to follow the authority record. The 490 matches how it appears on the item.
  - Does a motion need to be passed on this issue or should we wait until a discovery layer is chosen and see if the 490 can be displayed?
7. Discussion: Modern MARC (Rachel – 10-15 min.)

- Which fields should be removed or left in records?
  - o URIs in \$0
  - o [758 – Resource identifier](#)
  - o [884 – Description Conversion Information](#)
- LC Plans to eliminate the \$v in favor of using 655s to support URIs

8. Discussion: Wiki pages for review (15-20 min.):

- [Anime](#)
- [Authorized access points for musical works](#)
- [Character headings](#)
- [Children's subject headings](#)
- [Closing serial records](#)
- [Contents notes](#)
- [Playaway Launchpad](#)

9. Discussion: Are there any disability and accessibility headings from the [toolkit](#) that you would be interested in looking into for the future? (Rachel – 5 min.)

10. Future of SCRAP listserv (Rachel – 5 min.)

11. Preview of Next Year (Rachel – 5 min.)
