

Should I attend OrangeBoy Savannah Training?

This session is...

- ✓ A first introduction to what Savannah tools are available out-of-the-box.

This session is not...

- ✗ A detailed training on everything CCS will eventually be able to do.

You should attend this training if...

- ✓ you already work with a wide variety of data in your library.
- ✓ you contribute to board reports, strategic planning, or annual goal setting.
- ✓ you want to give CCS feedback as we build custom reports.

You should wait for a future training if...

- ✗ your role involves only a few data-related tasks that use specific data.
- ✗ you report data to the admin team but are not involved in strategic-level decision making.
- ✗ you prefer to start using the tool once implementation is complete.

This training will introduce...

- ✓ Review: What is Savannah?
- ✓ How to log in/navigate
- ✓ ILS Summary Data
- ✓ eContent Usage Data
- ✓ Patron Activity Clusters
- ✓ Maps of Active Cardholders

This training will not include...

- ✗ Programming Data
- ✗ WiFi Data
- ✗ Gate Count Data
- ✗ Authentication Data
- ✗ Spreadsheet Data
- ✗ Custom Reports
- ✗ Marketing Tasks
