Agenda
CAMM Meeting
CCS Auditorium (200 Tri State International Drive Suite 122, Lincolnshire, IL 60069) or virtually
via Zoom.
November 19, 2025
10:00 am

Join the meeting virtually:
https://us02web.zoom.us/j/86015491138?pwd=EtKDLlaafym8mQVUx0v0DabKBwAenW.1
Call in number: +1 312 626 6799
Meeting ID: 860 1549 1138
Passcode: 761802

1. Call to order 10:03

2. Approval of minutes from last meeting
   N. Mastny (Prospect Heights) moved to approve
   S. DeSio (Indian Trails) seconded

3. Additions to the agenda
   None

4. Hybrid meeting protocol (Molly – 5 min.)
   In-person participants are asked to sit near the front of the room and use a microphone
   when speaking, for the benefit of online attendees.

5. Staff updates (5-10 min.)
   See packet for more details at https://www.ccslib.org/sites/default/files/2025-
   11/CAMM%20Packet%2011-19-2025.pdf
   - BSLW (Rachel)
     Backstage Library Works provides 2 services: quarterly authority notification and
     periodic batch processing. The schedule for these services has now been set up.

   - Deduplication (Rachel)
     Over 8,000 records have been deduplicated after Vernon's migration to CCS.

   - Polaris upgrade update (Rachel)

Polaris 8.0 will be available by the end of the year. Learn more about the new functions at https://portal.productboard.com/iii/6-innovative-product-status-board-new/tabs/23-polaris .

- Bibliocore (Molly)
  New discovery layer will launch in 2026.

- OrangeBoy (Molly)
  OrangeBoy is a cloud-based tool that consolidates data source information (Polaris, eContent, gate counts, etc) into one platform in order to provide data analysis support for making actionable insights.

  Project timeline: CCS staff will begin scheduling training sessions for CCS member libraries in January of 2026 with the anticipated training taking place in February.

  Question: What are some examples of how libraries will use OrangeBoy?
  Answer: WebReports will still be still available and libraries will still collect gate counts and other data. OrangeBoy is a platform for looking at all of those data points in one spot.

  Question: Are databases part of this?
  Answer: It will include Overdrive, Cloud Library Mango, Hoopla, Freegal, Kanopy, potentially Beanstack.

  Question: What is CCS's overarching goal with OrangeBoy? What is in scope of Orangeboy and what is outside of scope?
  Answer: Anything that can be put there will be, but we have to speak with vendors about what is possible.

  Question: Will you be able to tell which patrons are only using e-resources and not coming in?
  Answer: Possibly, but Overdrive is integrated into ILS so maybe not. Molly will take that question to OrangeBoy and advocate for that.

6. SCRAP Report (Rachel – 5 min.)
   - Cataloger's Wiki pages will be drafted for Yoto players, Toni Boxes, and Story Dream Machines.

- The members discussed changing the requirement for the duration in the 300 field. SCRAP decided it didn't need to change since the language does not require adding the data if it isn't present on the item. This is clear on the bibliographic input standards page.
- Action item: Vote on a recommendation from SCRAP to CAMM (15 min.)
- Potential motion: Allow the option to add the video game format, as it appears in the 753 tag, to be included in the 099 tag. This will not be required. 099 is given precedence over 092 in MARC. Benefit is that the video game format displays when browsing search results in Leap and Polaris. Question: Will this affect how records display in PAC? Answer: No

  Question: Will this interfere with how 099 is used for Preliminary data
  Answer: This recommendation is only for Final records; will not interfere
  Clarification: In Prelim records, the format is included in the title field by acquisition staff

  N. Mastny (Prospect Heights) moved to allow use of 099 for video game format in final records.

  K. Nevins (Zion-Benton) seconded.

  The motion passed unanimously with four absences.

- Next SCRAP meeting January 21, 2026 1:00pm

7. Demos
   - Deduplicating in Leap (Molly – 10 min.)
   Frequent question from public services staff: I can't locate item so I created an item record on the fly. Now I want to delete it and keep the correct record.

   Review procedures for identifying duplicate records and merging them at
   https://www.ccslib.org/training/merging-duplicate-bibliographic-records-leap

   Tip: Check the barcode before creating an on the fly record. There may be an extra digit and that's why the correct record isn't showing up.

   Tip: Check the 245, 250, 264, and 300 fields to help you determine whether a record is truly a duplicate

Tip: If merging a single volume record and multi volume, include volume information in the item record before merging

Question: Does this process move holds over to the new record?
Answer: Yes

- New AI enrichment macro for Connexion (Rachel – 10 min.)
  This tool provides suggestions for LC call number, Dewey call number, and subject headings.

  See wiki for installation instructions at
  https://www.ccslib.org/Catalogers/index.php?title=Macros

  Example oclc 1535045082
  This is not a definitive source for your subject headings, call numbers. You must still do research and verify, but it may give you a jumping off point if you are stuck. In this example it is suggesting graphic novels, black girls, and travelers, none of which are appropriate for this work. Will not work for genre headings. If you select the suggestion for "Graphic novels," it will appear as a 650 _0.

8. Adjournment 10:50
   N. Mastny (Prospect Heights) moved to adjourn
   T. Pruitt (Grayslake) seconded

   Next meeting February 18, 2026

Attendees

Library	Attendees
Algonquin	Rachel Ruetz
Cary	Linda Conn, Brad Peterson
CCS	Rachel Fischer, Molly Mansfield, Debra Wischmeyer
Des Plaines	Tia Munton, John Lavalie
Ela	Tanvee Mahadik, Brian Christensen
Evanston	Karina Andrus, Marlene Meyer
Fox River Valley	Karin Nelson

Fremont	Holly Mulhern
Glenview	Michael Gail, Angela Thomas
Grayslake	Kate Getka, Tiffany Pruitt, Brandon Melody, Tammy Skwierczynski
Highland Park	Catherine Eilers, Michelle London, Kris Harrison
Huntley	Jo Smolzer, Linda Bargiel
Indian Trails	Sandy DeSio, Richard Stewart
Lake Forest	Lynn Krambeer, Amy Begoun
Lake Villa	Heather Campbell
Lincolnwood	Stephanie Haugan
McHenry	Kathy Milfajt, Maggie Ortmeyer
Morton Grove	Martin Saganski
Mount Prospect	Katie Szafarz, Elaine Ball
Niles-Maine	Jamie King
Northbrook	Jessica Thomson, Sarah Kaminski
Palatine	Adriene Galindo, Kristi Napolitano
Park Ridge	Kellie Green, Lauren Bochat
Prospect Heights	Nora Mastny, AJ Czachura
Round Lake	Penny McMahon, Rose Haliotis
Vernon	Alex Smith
Wilmette	Carly Stauss
Winnetka-Northfield	Stephanie Girardi
Zion-Benton	Kim Nevins
