

# What's New in OrangeBoy Savannah?

June 2026

# Agenda

1. Update: What data is in Savannah?
2. Demo: New Reports
3. Importing Data to Savannah
4. Providing Feedback on Savannah Reports
5. Requesting Custom Reports
6. Questions

# What data is/will be in Savannah?

## Available Now

- ✓ Polaris
- ✓ Freegal
- ✓ Hoopla
- ✓ CloudLibrary
- ✓ Kanopy
- ✓ Mango
- ✓ Overdrive/Libby
- ✓ Beanstack
- ✓ MyPC/TBS
- ✓ Census (CCS Market Watch)
- ✓ Envisionware
- ✓ EZ Proxy
- ✓ OpenAthens
- ✓ Cisco Meraki
- ✓ Past IPLAR Data\*
- ✓ Sensus
- ✓ Gate Count Spreadsheets

## Next\* (by July)

Communico  
LibraryMarket  
Event Spreadsheets  
Gale  
Individual Market Watch

*\*Stretch goals include:*

- ✓ *Past IPLAR Data*
- ☐ *Palace Project*
- ☐ *EBSCO*
- ☐ *ProQuest*
- ☐ *CreativeBug*

## Later (after October)

CCS will work with libraries to add data sources with less adoption, additional spreadsheet data, and custom reports.

Libraries may submit requests for data analysis.

# New Reports

# Updating Reports

# Uploading Data in Savannah

- The following data must be uploaded manually: Cisco Meraki, EZ Proxy, Open Athens
- Optionally, you can also upload spreadsheet data for: gate counts
- [Follow the instructions to export or format the data](#), and then open a help desk ticket – CCS will import it to Savannah for you.
- CCS recommends uploading data on at least a quarterly basis to make any annual reporting needs easier.

# Event Data in Savannah

- Each library must choose between automation and manually uploading spreadsheets.
- If automating with Communico or Library Market, CCS has configuration changes needed to standardize data across libraries to support IPLAR reporting needs in the future.
- See our [guide to event data in Savannah](#) for more details.

# Providing Feedback on New Reports

- If you have time-sensitive feedback or requests, **please open a help desk ticket!**
- Otherwise, you can use the [feedback form](#) to log feedback and requests for Molly to address after maternity leave. This form will not be monitored during Molly's leave. It's a way to record questions and ideas that aren't urgent.

# Requesting a Custom Report

- Open a help desk ticket with the category **Reporting > OrangeBoy**
- Include:
  - What question are you trying to answer? What data do you need to see?
  - Do you have any requirements for formatting/visualization?
  - Is this something you need one time/sporadically, or something you need to monitor continuously/on-demand?
  - When do you need the report completed?
- Once complete, custom reports for continuous monitoring use cases will appear at the bottom of your Savannah dashboard.

Please take the  
brief survey  
listed in the  
follow-up  
email!
